

REMARKS

Claims 1-8, 11, and 18-25 have been cancelled herein. It is not the intent of the Applicants to abandon the subject matter of the cancelled claims; Applicants reserve the right to pursue the subject matter of the cancelled claims in continuing applications.

Claim 9 had been amended herein to remove the indication of a hydrochloride salt (i.e., "ClH") from the recited compound structure (i.e., compound B16 of the specification). Similarly, Claim 10 has been amended to specify the pharmaceutically acceptable hydrochloride salt form of the compound of Claim 9. Applicants note that the designation of the salt has been amended to the more familiar format "HCl". Support for the amendment is apparent from the original claims. No new matter is presented.

The dependencies of Claims 12-15, 17, and 26-27 have been amended to reflect the cancellation of Claims 1-8.

Entry of the amendments and allowance of the application are respectfully requested.

Respectfully submitted,
